The New Concern Takes Possession About February 15th.

CLOSING OUT DRESS GOODS TOMORROW

There Are More Bargains Than These—On Page 6 You Will See We Mean to Positively Quit the Business.

Thinking to settle any possible doubts in the minds of the public as to the "genuineness" of this sale I desire to state that a majority of the entire stock of the M. D. G. Co. has been made to me for the new concern and we shall open soon as the stores and stock is turned over, about Feb. 15. The new firm will be an entirely distinct organization and the officers and present shareholders of the Morse Dry Goods Co. will not be in any way interested in it. Readers of the Bee can rest assured that it will pay them to purchase goods during the present sale.

S. P. MORSE.
